SECURITY RISKS AT HOTELS

CHALLENGES

Hotels, while dedicated to providing pleasant experiences for guests, face diverse challenges, including:

- **Personal and Property Safety**

Ensuring personal safety is crucial, with common risks like theft and robbery. Such incidents impact a hotel's reputation as well as the surrounding community.

- **Fire Emergencies**

Fires pose grave risks for hotel guests, staff, and property, and require proactive measures.

- **Event Security**

Special events like business meetings and holiday parties cause surges in guest numbers, necessitating enhanced security to prevent criminal activities and other threats.

SOLUTIONS

To combat these challenges, it's crucial for hotel managers to combine AI-powered video surveillance, access control, alarm systems, and a unified management platform, which can radically enhance the safety and efficiency of a hotel.

- **Video Surveillance**: Ensure 24/7 monitoring, early alerts, and prompt responses to security incidents using strategically placed cameras in event halls, corridors, bars, restaurants, gyms, and pools.
- **Access Control**: Stay ahead of the curve with the latest touch free system, enabling staff-only access, in-out logs, and streamlined access management.
- **Vehicle Management**: Utilize license plate recognition cameras for streamlined vehicle entry & exit, efficient parking management, and instant push notifications.
- **Fire Prevention**: Enjoy real-time fire prevention alarms with thermal cameras, which provide immediate notifications to safeguard against property loss.
- **Reception Efficiency**: AI-powered cameras with people counting capabilities optimize staff resources, minimize queues, and enhance the overall customer experience.

INTEGRATED SOLUTION FOR HOTELS

● ● ●

The safety of guests, staff, and assets is paramount for hotels. LTS provides the robust security solutions you need, including video surveillance, access control, vehicle management, and fire alarm systems - all on a unified platform to elevate the security and operational efficiency of your hotel.

CMIP7C82WI-28MDA
Hybrid Illumination 4K Dome Camera for Color 24/7 on demand

CMIP3142W-28SDA
Mini Dome for elevators

LTN07128-R16N
128-Ch NVR for security operations center (SOC)

LTK3410MF
Face Recognition door station for staff-only access

CMIP3T22W1-2M
Thermal IP Camera for fire and risk prevention

IFPC8630
86" Interactive Flat Panel for local and remote meetings

CMIP3C8PW-SDL
4K Color 24/7 Panoramic IP Camera for lobby security

CMIP7C43W-SDZ
Color 24/7 Varifocal Dome for reception monitoring

CMIP7943WLPR-32R
LPR (License Plate Recognition) Camera for vehicle management

PTZIP4C44W-X25IR
Color 24/7 PTZ with Smart Tracking to monitor large areas with details

ENTERPRISE LEVEL NVR FOR THE SOC

Streamlining and improving control room management is crucial, particularly for the hospitality industry with intricate combinations of subsystems and equipment. The LTS enterprise level 128-channel NVR supports AI-powered camera features including VCA detections, heatmap, LPR, and people counting. Paired with our video management software and mobile app, security operations centers (SOCs) gain cross-device, cross site display along with all-in-one management.

LTN07128-R16N highlights:

- Up to 8K ultra-high-definition video output
- Enhanced decoding capability with up to 32-Ch @ 1080p
- Expanded storage with 16 HDDs up to 16 TB each
- Support for specialty cameras including LPR, fisheye, panoramic, and people-counting models
- Compatible with CMIP3C8PW-SDL panoramic camera

ENHANCED SECURITY FOR A HOTEL CHAIN

Challenge: A renowned hotel chain in Houston faced the impending task of upgrading its video surveillance system for the safety of guests and staff. The challenge was to ensure 24/7 coverage of every corner of the hotel without disrupting its upscale ambiance, all while managing the intricate job of cabling hundreds of cameras.

Solution: LTS offered a comprehensive security solution, incorporating Color 24/7 PTZ and LPR Cameras for the parking lots, 4K Panoramic and Hybrid Illumination Dome Cameras for hallways and the lobby, Mini Domes for elevators, and 128-Ch NVRs for fluid live views and playback.

Result: The installation achieved a consistent aesthetic in line with the hotel's high standards, and also provided full surveillance coverage on every floor. Security staff now benefit from the convenience of managing devices via LTS's all-in-one video management software and app.
